

Spanish Language Arts/Mathematics System Requirements

for networks and standalones

March 6, 2007

- Network File Servers
- Network Workstations
- Standalone Workstations

Inspired solutions for teaching and learning.™

PLATO[®] SPANISH LANGUAGE ARTS/ MATHEMATICS System Requirements

The term *requirement* is used to describe system configurations. When a requirement is met, the system should function without error at an acceptable performance level.

TIP: We strongly recommend that you install a phone within reach of your workstations in case you need to contact PLATO Support for troubleshooting help. We recommend a cordless phone, which can be moved from workstation to workstation.

NETWORK FILE SERVERS

The following requirements must be met to run SPANISH LANGUAGE ARTS/MATHEMATICS on network file servers. These system requirements assume that you have up to 30 concurrent workstations running on the network.

Windows 2000 Server with Service 3. Note that Novell is not supported.

Processor speed	<ul style="list-style-type: none">• 600 MHz processor or faster
Memory	<ul style="list-style-type: none">• 512MB
Hard drive	<ul style="list-style-type: none">• 3GB of available space
Other	<ul style="list-style-type: none">• Mouse, keyboard, monitor, 3 1/2" floppy drive• CD-ROM drive (8X or faster)• 100 mbps file server PCI network card

- Network printer with current print drivers is required.

We strongly recommend that you use a backup device or redundant disk subsystem to protect against data loss if your hardware fails. We also recommend that you install an Uninterruptible Power Supply (UPS) to guard against data corruption due to loss of power.

SPANISH LANGUAGE ARTS/MATHEMATICS

System Requirements

WORKSTATIONS

The following requirements must be met to run SPANISH LANGUAGE ARTS/MATHEMATICS on standalone or networked Windows® workstations.

Windows Workstations	
Operating system	<ul style="list-style-type: none"> Windows 2000 Professional SP 3 Windows XP
Processor speed	<ul style="list-style-type: none"> 450 MHz processor or faster
Memory	<ul style="list-style-type: none"> Windows 2000/XP: 128 MB
Disk drives, storage space	<ul style="list-style-type: none"> CD-ROM drive (8X or faster) Hard disk: <ol style="list-style-type: none"> If standalone 3GB disk space. If network, 30MB disk space on each station.
Other	<ul style="list-style-type: none"> Mouse, Spanish keyboard, 3 ½" floppy drive Microsoft compatible USB headset with microphone. Network only: 10/100 mbps PCI network card
